Total public education presentations/events	<b>81</b>
Total number of participants	<b>57,892</b>

"Tropical Nights" is your way to help those affected by autism living in South Florida. It is a fundraiser benefiting the programs, services and research initiatives of CARD. Our event is a festive celebration designed to raise awareness of autism while entertaining our guests with a fabulous auction, fine food, drinks, music, dancing, and acknowledging the tireless efforts of important members of our community. The overwhelming success of Tropical Nights since its inception has allowed CARD to enhance its programs by providing supplemental funding to support special projects and services, and for this, we are extremely grateful to our community partners and generous supporters.
